

PROPERTY MANAGEMENT

Pasbjerg offers a full range of outstanding property/asset management services including facility maintenance, rent collection, financial reporting, leasing and project management. Using a "hands on" approach to management we strive to understand the property and its environs in order to develop the best possible management plan for maximizing returns and keeping your property competitive in an ever changing retail market.

We use Rent Manager Management software to generate comprehensive and accurate management reports to keep you in step with your property's financial performance.

Our extensive network of competitive budget minded third party facility professionals will keep your property looking the "best on the block" without adversely affecting the bottom line.

When you put your business in Pasbjerg's hands, you are assured that the company's team of experts will place your needs first! We believe the only way to maintain truly productive relationships is to provide clients with honesty, exceptional performance and sound advice resulting in the best solution to any challenge.
